*The specifications are subject to changes without notice.

*Actual battery life will depend on actual operations and other settings.

*Estimated Maximum battery life under XP is measured by Battery Mark (on Super Hybrid Engine Power-Saving mode with WiFi and Camera disable).

*Estimated Maximum battery life under Linux OS is measured with DVD file playback time with full LCD brightness (on Super Hybrid Engine Power-Saving mode with WiFi and Camera disable).

*This Table is for internal use only.

*Please extract the spec table before releasing to customers.
